Violations should be reported immediately to the Skagway Police Department (983-2232). Be certain to have your receipt with you while using the cabin.

1. Cabin permits are issued for noncommercial purposes to anyone 18 years of age or older.
2. A maximum number of 8 persons can occupy the cabin under a single permit.
3. A permit day begins at 12 noon on the assigned day and ends at 12 noon the following day.

5. **The oil-heating stove provided in the cabin is for heating ONLY and uses No. 1 oil. In Canada this is referred to as ARCTIC STOVE OIL.** 5-10 gallons will burn about a week, depending on the time of year and weather. Renters must provide their own oil. Oil may be purchased at Petro Marine Services and requires a certified container that is approved for transporting fuel or they will not sell it. If you need a certified container the Rec Center has one that can be included in the Key/Garbage/Security deposit upon request. PLEASE CALL PETRO MARINE DIRECTLY for hours and details: (907)983-2259. The Upper Dewey Lake cabin is a modified A-Frame with an additional second floor sleeping loft, sleeping a maximum of eight people and includes:

- A table, benches, plywood bunks (without mattresses), oil heating stove, broom, and outhouse.
- The cabin does not have electricity, lighting, cook stove, bedding, or cooking utensils.
- It is wise to take your own sleeping bags, pads, cooking stove and fuel, pots, pans, plates, utensils, toilet paper, garbage bags, and insect repellent.

Safety

Weather may affect the length of your stay. Always prepare for the possibility of bad weather and an extended stay. Rain gear and warm clothing are essential; waterproof boots and extra food and clothing are recommended. Be cautious in bear country. The "**Bear Facts**" brochure will provide more information regarding camping and hiking in bear country. We recommend taking local maps, a compass, flashlight, waterproof matches, a strong knife, a first-aid kit, a space blanket, candles, flares, and personal protection such as bear repellent if you wish. A handheld VHF radio (**Channel 16 is the emergency channel**) may be useful to summon help in the event of an emergency. Cell phones may work if you have a direct line of sight to Skagway.
